PETER BRADSHAW CHAIRMAN

Learning tennis growing up in the sunshine in Zimbabwe, I played competitively for Mashonaland Province. I moved to Dorset, aged 12. There I played for Sherborne School, won the Dorset Schools Doubles Cup and became a member of the Dorset County squad. I have spent much of my time over the last twenty years both playing and supporting Horsley Sports Club (HSC) where I am a Director. During my time, I have been a continuous and active member of various HSC committees, including Chairman, Tennis Committee, Men's Tennis Captain and am currently in charge of Grounds. I am proud to be a part of a club with such a thriving membership where there has been a significant upgrade in courts and infrastructure over that period. I am also a Trustee of Surrey LTA Junior Trust as well as Chair of the tennis centre joint venture between St. George's College and Surrey Tennis.

Today, my competitive tennis mostly revolves around playing in the Surrey Chaucer League.

ROY STANILAND PRESIDENT

I have a huge passion for growing tennis throughout the Counties and making the sport more accessible for all. For over 30 years, I have been involved in creating a Club run very differently to the one I encountered as a youngster. I head up the team that hosts the Surbiton Trophy which welcomes both ATP and ITF players from around the world. I have also been involved in several projects at the Club including an air dome, new gym and fitness suite and a new parks project linking the Club and the community together. I have been a Surrey Councillor since 1997 and County Secretary since 2010. I was elected to the LTA Council in 2006 as the Surrey Councillor.

I stepped down from The Board of The LTA at the end of December 2022 after 16 years. This has been very enjoyable and challenging at times but the time has come to take a break. I was chair of DTAG for three years which was certainly an experience. Running up to eight work streams including Governance, Venues, Coaching, Safeguarding, Performance, Padel, Volunteering to name but a few. It was challenging with up to eight work stream members on each of the groups. Time for a change, and I learnt a lot during those 16 years.

OUR TRUSTEES

LYNNE HUNT TREASURER

I am a member of two tennis clubs, Byfleet LTC, where I now play most of my tennis, and Oxshott Village Sports Club. I have played in club teams since I was about 18, have captained various teams and recently started playing County vets for Surrey. I retired as an accountant in practice a few years ago, albeit I continue to do ad hoc work for them, which has enabled me to play more tennis and also created some spare time, which I am filling with the Treasurer's role.

Having always lived in Surrey, and hence played tennis in Surrey, I am keen to put something back into tennis and the opportunity to be Treasurer arose at just the right time for me.

DOUG CLARE TRUSTEE

Having been involved with Horsley Sports Club for over 30 years, I have taken on a number of roles including 5 years as 2nd team captain, and 3 years as Men's Captain plus being Bar Manager for 5 years! I am passionate about the promotion of Junior Performance Tennis in Surrey and Great Britain and very keen to help in improving the opportunities for our great young players. I have now been Chairman of the Surrey Tennis Performance Committee since 2017 and I see this as my main role at Surrey Tennis. This committee oversees the running of County Training and our County Cup teams and our Strategy Document for Junior Performance Tennis is available on the Surrey Tennis website.

We have an excellent County Training Program up and running for our U8s through to U18s. I would like to thank Justin Sherring, our County Performance Manager, for his excellent work in arranging this and our great County Training coaches for running all the sessions.

OUR TRUSTEES

TUNDE ADEFOWORA TRUSTEE

I have been involved in tennis for most of my life and with CASSAC Tennis Club in Surrey for over 30 years. My ethos as head coach has been to build an economically accessible, racially diverse, and welcoming club. In line with this, I have been participating in and developing the mini, junior, and adult programmes, as well as internal tournaments. This has included training and developing our men's and women's Surrey League doubles teams and mentoring coaching volunteers.

Over the years, I have progressed my Level 3 accreditation. Additionally, I developed a 'Helping to Build Communities Through Tennis' programme in Nigeria, Ghana, and Uganda, which has positively impacted thousands of participants. The programme aims to further raise the profile of tennis at the grassroots level while promoting community cohesion regardless of gender, race, religion, or socio-economic background—building on shared commonalities.

In my role within the Home Office as a Race Champion and Advisor, I have introduced presentations, programmes, and made recommendations for cultural change, which have been welcomed and adopted. With these experiences, I hope to further deliver and develop increased tennis participation at all levels across Surrey.

MATT TREVAIL TRUSTEE

I developed a passion for tennis growing up, playing with family and friends at Shalford Village Tennis Club, before competing more seriously at Woking LTC and later at Exeter University, where I enjoyed captaining the club and graduated with a BSc in Exercise & Sports Science. After initially setting up a thriving coaching programme at Shalford LTC, I became involved with county tennis as the coach for the Surrey U12 Boys in 2009. I then captained the team that won the County Cup in 2015 and 2016 before transitioning to U9 Captain in 2018, enjoying victories in 2021 and 2023.

I have been the Director of Tennis at Woking Lawn Tennis & Croquet Club since 2012. Sitting on various club committees forms an important part of my role, ensuring engagement with everyone keen to help venues run successfully. After becoming a Surrey Tennis Councillor in 2020, I volunteered to chair the Surrey Coaches Committee as it officially became part of Surrey Tennis. I am always eager to explore new ways to support the fantastic coaches in our county and am happy to engage with anyone passionate about developing our amazing sport.

OUR TRUSTEES

ALYSON FOX TRUSTEE

I have played tennis since I was a teenager, starting in Essex before joining Old College seven years ago. I thoroughly enjoy both social and competitive play and am a regular member of our first team in the Surrey League. I have been Chair of Old College for the past four years. During this time, we have seen our membership grow by nearly 30%, resurfaced all seven of our courts, installed LED floodlights on all courts, and submitted a planning application for the development of an eighth court. Like all clubs, navigating through the pandemic was challenging, but fortunately, the club is thriving.

During my time as Chair, I have gained valuable insights into the management and challenges of grassroots tennis and feel I could contribute meaningfully to the Surrey LTA Council. In 2024, this will include my new role on the Surrey LTA Junior Trust.

NEIL KAPOOR TRUSTEE

I was born, brought up, and still currently reside in Surbiton. I was the U12 and U14 Club Champion at Surbiton Racket & Fitness Club in the mid-90s. My interest in coaching developed when I began supporting a local community programme at Alexandra Recreation Ground in Berrylands at the age of 14. This experience became the catalyst for my passion for developing sport through local community initiatives.

During my time at Nottingham University, I coached at Nottingham Tennis Centre and led a small programme in Bilborough. In the summer of 2006, I managed the junior and corporate programmes in La Manga.

I also developed two grassroots programmes on behalf of the Tennis For Free charity in collaboration with Surrey Tennis. In 2009, I was honoured to receive the LTA Young Coach of the Year award, which led to an invitation from the Mauritian Number 1 player to coach tennis in Mauritius. I hold an Accredited+ Level 4 Senior Performance qualification and am certified to play to a national standard. I now represent the LTA as a Tutor and Mentor, and Babolat supports my journey in British Tennis.

I have been a member of the Surrey Council since 2020 and am part of the commercial team. I oversee the new partnership programme across the corporate space, including consulting, commerce, and enterprise technology sectors. My primary objective is to introduce new partners who are passionate about supporting Surrey Tennis and helping us serve our local tennis community.

OUR TRUSTEES

PENNY BATCHELOR TRUSTEE

I have loved playing tennis for as long as I can remember. I am a licensed Level 4 Accredited+ coach, involved in many different aspects of the game, from junior tennis, Head Coach at a small three-court club, coaching in schools, member of the Awards Committee and Surrey Coaches Committee, having been secretary of the inaugural Surrey BTCA Committee, county training, and co-managing the U14 girls team. I have been lucky enough to win six County Cup titles with the U12/14 girls teams.

I had a son who represented Surrey from a young age at performance tennis, and the journey of being a tennis parent has given me a unique insight into both sides of performance tennis. At club level, I have run junior, adult, and school teams, strung rackets, run socials, and recently been on sub-committees to change the court surfaces at the club. Being involved at both grassroots and performance levels will hopefully give me a unique perspective to contribute to the continued evolution of Surrey Tennis.

MARK MCGRATH TRUSTEE

I have been passionate about tennis since an early age and was inspired by my grandfather, a previous President of Tennis Ireland, and my father, who was an Ireland Davis Cup player. I played tennis at County and National level as a junior and captained my country on many occasions. I continue playing tennis competitively for my club and for Ireland in the ITF Masters events.

I became a tennis coach whilst studying for an MSc in Sports Science, and I have been an LTA Level 5 coach since 2012. I have vast experience in coaching programmes and board membership in both members and commercial clubs. I have worked collaboratively with governing bodies designing outreach programmes, such as the Wimbledon Junior Tennis Initiative, tennis programmes for the Olympics and Paralympic Games in 2012, and with the LTA in writing the Tennis For Kids programme after GB won the Davis Cup. For over 10 years, I designed and managed the ATP Ball Kid programmes and am passionate about inspiring young people of all backgrounds to be involved in the sport. I have been involved in tennis within Surrey for over 25 years and currently, I am Director of Tennis at Westside LTC and a member of the Surrey Coaches Committee.

OUR TRUSTEES

SUPREET THOMAS TRUSTEE

I've always been a devotee of tennis, having fallen in love with the sport as a youngster playing competitively in junior tournaments in Sydney, Australia. I got back into the sport in earnest during Covid, and getting to know others in our local community, as well as seeing my two children and their friends fall in love with the sport as much as I did, reignited my passion for the game.

I have served as a committee member of Woldingham Lawn Tennis Club for the past four years, drawing on my 18 years of professional experience in financial services and communications to improve the club's approach to engaging with members. I've worked with the club to innovate its membership offering and reach a younger audience – particularly those who would otherwise never have dreamed of picking up a racquet. Through supporting our local schools and encouraging children to start their tennis journey in a fun, safe, and inclusive environment, I'm delighted that the club has a thriving young membership base that continues to grow.

Surrey Tennis has a huge opportunity to support our local communities and clubs, and I'm looking forward to helping the committee throughout the next chapter, ensuring we continue to innovate in tennis and appeal to more youngsters from all walks of life.

DUNCAN MCINTOSH TRUSTEE

Following a successful 18-year commercial career within the media and publishing industry, I followed my passion and transitioned into a role within tennis in the summer of 2024.

Now a full-time tennis coach at Byfleet LTC, I've gained on-court experience at the Esher Tennis Academy, Delgado & Lee Pro Academy, and the SotoTennis Academy in Spain.

As part of my move into tennis, I have been involved in the organisation of Pro-Am Padel Tour events and the delivery of the 2024 British grass court season, working at Wimbledon and volunteering at both Surbiton and Queen's.

Tennis has been my lifelong passion since I began hitting balls with my mum in the garden at the age of 2. As a junior, I played to regional level, and I currently represent Byfleet LTC in their National and Surrey League teams, as well as competing in ITF Masters Tour events whenever possible. I believe my commercial skill set, tennis knowledge, and passion for developing and introducing people to our amazing sport will be valuable assets for the Surrey LTA Council.
